Incorporated as a not for profit in 2011, the Wolfe Island Boat Club promotes recreational sailing, rowing, canoeing & kayaking with its own fleet of boats. Summer camps for kids, family race nights and coached rowing as well as learn to sail & learn to row clinics are offered to the community. Other areas of interest include boating history, wooden boat building, environmental issues concerning our waterways, boating safety, and the development and protection of public water access routes.

The Wolfe Island Boat Club is generously supported by its membership, sponsors, donations, and various provincial, federal and municipal sporting grants.
